

FOR IMMEDIATE RELEASE

Kymanox Hires Vice President for DC Division

Biotechnology industry professional, Colleen Sico (ChemE/MBA), has joined the Kymanox Team in Washington, D.C.

Washington, D.C., USA | Tuesday, 22 March 2011 | Kymanox is pleased to announce the hire of Colleen Sico for the position of Vice President of Operations for the Washington, D.C. division. Ms. Sico brings fifteen years of experience in the biotechnology and vaccines industry. At both large and small biopharmaceutical companies, she has gained broad experience in a variety of functional areas including process development, pilot plant operations, and commercial manufacturing. Ms. Sico completed a Master's in Business Administration at Johns Hopkins University as well as a Bachelor's of Science in Chemical Engineering at the University of Maryland Baltimore County.

Kymanox President, Stephen M. Perry, says, "Colleen's technical background, communication skills, and business acumen will be of great service to our clients in the greater DC area. We are very pleased to have her as a member of our management team. Kymanox is committed to providing world-class, local-based services and will leverage Colleen's previous participation and leadership in this local and thriving biotech community."
