

FOR IMMEDIATE RELEASE

Kymanox Hires Vice President for Chicago Division

Engineering and management professional, Stan Walczynski (P.E./MBA), has joined the Kymanox Team in Chicago.

Gurnee, IL., USA | Wednesday, 01 February 2012 | Kymanox is pleased to announce the hire of Stan Walczynski, P.E., MBA for the position of Vice President of Operations for the Chicago Division. Mr. Walczynski brings twenty-plus years of experience in engineering, regulatory compliance, chemical operations, and large-scale project management. At both large and small companies, he has gained broad experience in a variety of functional areas including management, engineering, process development, plant operations, and commercialization. Mr. Walczynski received a Master's in Business Administration from the University of Chicago, as well as a Bachelor's of Science in Engineering from Bradley University. He is also a licensed Professional Engineer in several Midwestern states.

Kymanox President & CEO, Stephen M. Perry, says, "Stan's in-depth technical and business background – along with his honest character – is a perfect match for both Kymanox and our clientele. We are also fortunate to have Mr. Walczynski as a member of our management team."
